

Aluminox Water Grill

Line 90, single width, floor standing

Product Characteristics:

- ✓ Heavy Duty Model 100% Stainless Steel 304 AISI 18/10
- ✓ Satin Finish Stainless Steel (front, back and sides)
- ✓ Stainless steel grilling surface with forward inclination
- ✓ Grilling surface comprised of s/s tubes with incorporated Heating Elements for indirect heating and better grilling
- ✓ Rear and Sides splash grilling guards
- ✓ Fast & Uniform Grilling throughout the grilling surface
- ✓ Hygienic and Tasty Grilling as the fat or oil dropping from the grilled food falls into the water basin and there is no blazing
- ✓ Water drawer underneath the grilling surface maintains ideal water level under the grilling area that vaporizes in the required quantities to maintain the tenderness of the food
- ✓ Incorporated water tap for easy filling and drainage valve with overflow tube connected to drainage
- ✓ Integrated truss keeps the grilling area raised during cleaning
- ✓ Electric box covered and sealed for secure operation
- ✓ Grilling Zone Energy Regulator
- ✓ Stainless steel storage cabinet with hinged door
- ✓ Stainless steel legs with adjustable height
- ✓ Protection Factor IPX4
- ✓ Subject to NSF and UL certification

The **Aluminox Water Grill** is an electric powered commercial grill made of 100% stainless steel AISI 304-18/10 grade. The front, side and rear parts of the grill feature a satin stainless steel finish.

The grill's innovative design takes advantage of integrating the element of water in grilling. The water drawer is hosting a pool of water at an ideal distance directly below the grilling surface, which enables water evaporation at an ideal rate during the grilling. Coupled with the benefits of electric powered grill plate, this results in:

- tender and juicy grilling of the food which maintains its natural flavors
- fast & uniform grilling throughout the surface of the grill
- Hygienic and Tasty Grilling as the fat or oil dropping from the grilled food falls into the water basin and there is no blazing

The grilling surface is powered in one zone and is constructed with tubular heating elements. It is very easy to clean and it can be maintained at a raised position with the assistance of a support rod. All operation control and electrical parts are ergonomically located in the front, for ease of use and maintenance.

Model Number: GRE901PNS*#

Product Dimensions:

Depth: 35.43" (90 cm),
Width: 15.75" (40 cm),
Height: 35.43" (90 cm)

Power Data:

Available in multi-current versions

* Depending on voltage one of the following letters is displayed instead of * in the model number:
A for 110V/120V, U for 200V/208V, B for 230V/240V,
C for 400V, D for 440V, E for 480V model

Depending on the phase & neutrality one of the following numbers is displayed instead of # in the model number:
1 for 1N~, 2 for 2~, 3 for 2N~, 4 for 3~, 5 for 3N~

Consumption: 8.4 kW

Who we are

The history of a quality CFSE manufacturer that begun in Greece, the land where food preparation is an art from ancient times.

1929: Emmanuel Chiladakis founded a small company for producing Commercial Food Service Equipment.

2015: 86 years later Aluminox

- is a leading CFSE manufacturer with long experience in the production of high quality, technologically advanced products & their support
- Operates a factory, covering an area of 75,000 sq. ft at Koropi Industrial Zone of Athens, Greece
- with production lines equipped with automated machines of the latest technology

Our Value Proposition

- ✓ We serve the needs of our customers
- ✓ We create High Quality, Durable & Innovative products
- ✓ We can offer customized solutions to address the needs of specialized customer requirements

The Markets we serve

- ✓ GLOBAL MARINE (cruise / merchant marine / passenger ships, oil rigs, etc.)
- ✓ EUROPE (Greece, Croatia, Cyprus, Finland, France, Germany, Italy, Norway, Poland, Portugal, Spain, Sweden, etc.)
- ✓ ASIA (China, Japan, Singapore, South Korea,)
- ✓ AFRICA (Egypt, South Africa)
- ✓ and now North America (USA & Canada)

Aluminox Water Grill

Lines and Models Available in USA

Line 70, Floor Standing models:

- ✓ GRE701PNS: D: 27.56"/70cm, W: 15.75"/40cm, H: 35.43"/90cm
- ✓ GRE702PNS: D: 27.56"/70cm, W: 31.50"/80cm, H: 35.43"/90cm
- ✓ GRE703PNS: D: 27.56"/70cm, W: 47.24"/120cm, H: 35.43"/90cm

all models Electric: 6kW, 12kW, 18kW • 200/208V 230/240V, 440/480V • 3N~/1N~

Line 70, Countertop models:

- ✓ GRE701ENS: D: 27.56"/70cm, W: 15.75"/40cm, H: 14.17"/36cm*
- ✓ GRE702ENS: D: 27.56"/70cm, W: 31.50"/80cm, H: 14.17"/36cm*
- ✓ GRE703ENS: D: 27.56"/70cm, W: 47.24"/120cm, H: 14.17"/36cm*

all models Electric: 6kW, 12kW, 18kW • 200/208V, 230/240V, 440/480V • 3N~/1N~

* Average height adjustment (can be set 12.6-15.75"/32-40cm)

Line 90, Floor Standing models:

- ✓ GRE901PNS: D: 35.43"/90cm, W: 15.75"/40cm, H: 35.43"/90cm
- ✓ GRE902PNS: D: 35.43"/90cm, W: 31.50"/80cm, H: 35.43"/90cm
- ✓ GRE903PNS: D: 35.43"/90cm, W: 47.25"/120cm, H: 35.43"/90cm

all models Electric: 8.4kW, 16.8kW, 25.2kW • 200/208V, 230/240V, 440/480V • 3N~/1N~
